

ABOUT THE PARE PUBLISHER

The Pare Publisher is a local community newsletter that is delivered monthly to approximately 1500 homes and businesses throughout the Paremoremo and surrounding areas. The newsletter has become the Voice of the Paremoremo community, by publishing events, informative articles, how to's, and providing a place for local people to advertise their businesses.

Paremoremo is located within easy commuting distance of Auckland City, and just 8 minutes from New Zealand's fastest growing city, Albany. The community comprises around 2000 residents. Pare people are passionate about many things and therefore we have a number of groups & projects that are happening in the area. Some of these include, but aren't limited to, Sustainable Pare, Neighbour Hood Support, Pest Free Pare, Ridgeview Garden Club, Pare Garden Group, Friends of Lucas Creek, Natural Environment and many more.
